Sushil Sakharam Giri

Pune, Maharashtra, India | +91 96899 33971 | girisushil2005@gmail.com | linkedin.com/in/sushilgiri | github.com/Sushilcoder

Professional Summary

Electronics & Telecommunication Engineering undergraduate (B.E., SPPU '27) with a Diploma in Computer Engineering, specializing in full-stack web development, AI/ML integration, and embedded systems. Proven track record in shipping production-grade applications, leading community initiatives at GeeksforGeeks, and competing at national-level hackathons. Passionate about building scalable, impactful software at the intersection of hardware and intelligent systems.

Education

PDEA College of Engg. Savitribai Phule Pune University — Pune, India
Bachelor of Engineering – Electronics & Telecommunication Engineering — *Sep 2024 – Jun 2027*

Government Polytechnic Pune — Pune, India
Diploma in Computer Engineering — *Sep 2021 – Aug 2024*

Experience

Swa-roopwardhinee Kaushalya Vikas Prashikshan Kendra — Hybrid
Information Technology Skills & IT Software Projects — *Jul 2026 – Sep 2026*
- Undertook hybrid training and project work in Information Technology skills and IT software projects, combining hands-on practice with guided learning.
- Applied core IT and software development skills to build and deliver practical, project-based assignments.
- Worked across remote and on-site sessions, meeting project milestones and strengthening collaboration and technical communication.

Sakar Robotics — On-site
Machine Learning YOLO Trainee — *Jul 2026 – Aug 2026*
- Annotating images using Roboflow for YOLO-based object detection models, ensuring accurate data labeling and dataset quality.

KEDMAN SkillEd India Foundation — Pune, India
Technology Intern — *Jan 2026 – Present*
- Training Program on Automotive Quality Control by Kedman SkillEd sponsored by Mercedes-Benz
- Received A grade in this training program.

Innovatus Technologies — Pune, India
Project Intern — *Jun 2023 – Jul 2023*
- Built a standalone application leveraging Core Java, Python, SQL, and Linear Regression for predictive data analysis.
- Integrated AI/ML into the application back-end, improving data-processing accuracy by applying regression modelling.
- Documented system architecture and presented findings to senior engineers, demonstrating clear technical communication.

Projects & Achievements

Payload CubeSat Mission | *Satellite Engineering, Embedded Systems* — 2024
- Certified contributor to a CubeSat payload launching project – designed and tested embedded payload modules for low-Earth orbit deployment.

AI/ML for Geodata Analysis | *Python, Machine Learning, GIS* — 2024
- Applied machine learning algorithms to geospatial datasets for classification and pattern recognition tasks; certified completion of advanced training program.

AI Agent Development | *Google Agent Development Kit (ADK), LLM Orchestration* — 2025
- Engineered and deployed AI agents using Google's Agent Development Kit (ADK), demonstrating proficiency in LLM-powered automation workflows.

CU 2026 Hackathon Finalist | *Full-Stack, AI Integration* — 2026
- Advanced to the finals of Chandigarh University's national hackathon among hundreds of competing teams, delivering a working AI-powered prototype under 36 hours.

Achievements & Awards

iQOO Hackathon 2026 Grand Finalist — 2026

Code Unnati by SAP 2026 Hackathon Finalist — 2026

SIH 2025, 2026 Internal Hackathon Qualified — 2025–2026

4 Records Holder | *India Book of Records, Asia Book of Records, Guinness Book of Records, World Book of Records London*
- Record holder for satellite making at Rameswaram, recognized across four national and international record books.

Technical Skills

Languages: Java (Core), C, SQL, JavaScript
Web Development: Back-End Development, Responsive UI Design
AI / ML: Linear Regression, Geodata Analysis
Embedded & Hardware: Electronics & Telecommunication Systems, CubeSat Payload Engineering
Tools & Platforms: Git/GitHub, HackerRank, VS Code
Soft Skills: Project Management
Languages (Human): English (Professional), Hindi (Native), Marathi (Native)

Certifications & Recognition

Engineer AI Agents with Google Agent Development Kit (ADK)
Payload CubeSat Satellite Launching
Zonal Chess Tournament Participant (Strategic Thinking & Decision Making)
